

How to Write Winning Grants Proposals

Tassadaq Hussain Cheema

Ph.D. Supercomputing and AI

Professor at University of Sialkot

Pakistan Supercomputing Center, Islamabad

Barcelona Supercomputing Center, Spain

www.tassadaq.ucerd.com

Agenda

- **Requirements of a Good S&T Proposal**
- Writing Good Business Model
- Design and Development Requirements for Commercializable Research

Requirement of Good S&T Research Proposal

Outcome of the session:

Identify a Challenge

- Write: Cool and Catchy Title with Key Words that Solves National Need
- Tell about key local/national problem in one sentence and why a solution is required
- State key contributions for (society, government, industry), precisely and in the best possible way that importance is highlighted.
- Provide short implementation details and key deliverable, especially improvements against conventional systems.
- Highlight if you are already have contributions (Patent, Prototype, Start-up).

Challenge-driven Innovation Fund (CIF)

Powered by Ignite

CALL FOR PROPOSALS

Ignite was established with the goal of supporting breakthrough technologies and game-changing innovations in key enabling technologies with the potential to scale up and become market leaders.

The Challenge-driven Innovation Fund aims to stimulate collaborative interdisciplinary research within the strategic priority areas of relevance to present or future Pakistan-based industry and society. The objective is to ask the innovators to help solve the problems facing the country. A consortium of (applicants from) universities, industry and/or research organizations will be eligible to submit research proposals. Project participation from industry, public authorities or other relevant organizations will be considered a merit.

PRIORITY THEMES

- ▶ Transport & Smart Mobility
- ▶ Health & Well-being
- ▶ Smart Cities & Communities
- ▶ Digital Industry
- ▶ Climate Change & Environment
- ▶ Education & Learning
- ▶ Digital Life
- ▶ Connectivity & Interoperability
- ▶ ICT- enabled Agriculture
- ▶ Smart Energy
- ▶ Safety, Security & Reliability

EVALUATION PROCESS

Grant awards will be made through an open, rigorous, transparent, competitive and merit-based process consistent with international standards for funding research and innovation projects.

DURATION ▶ 2 – 3 years

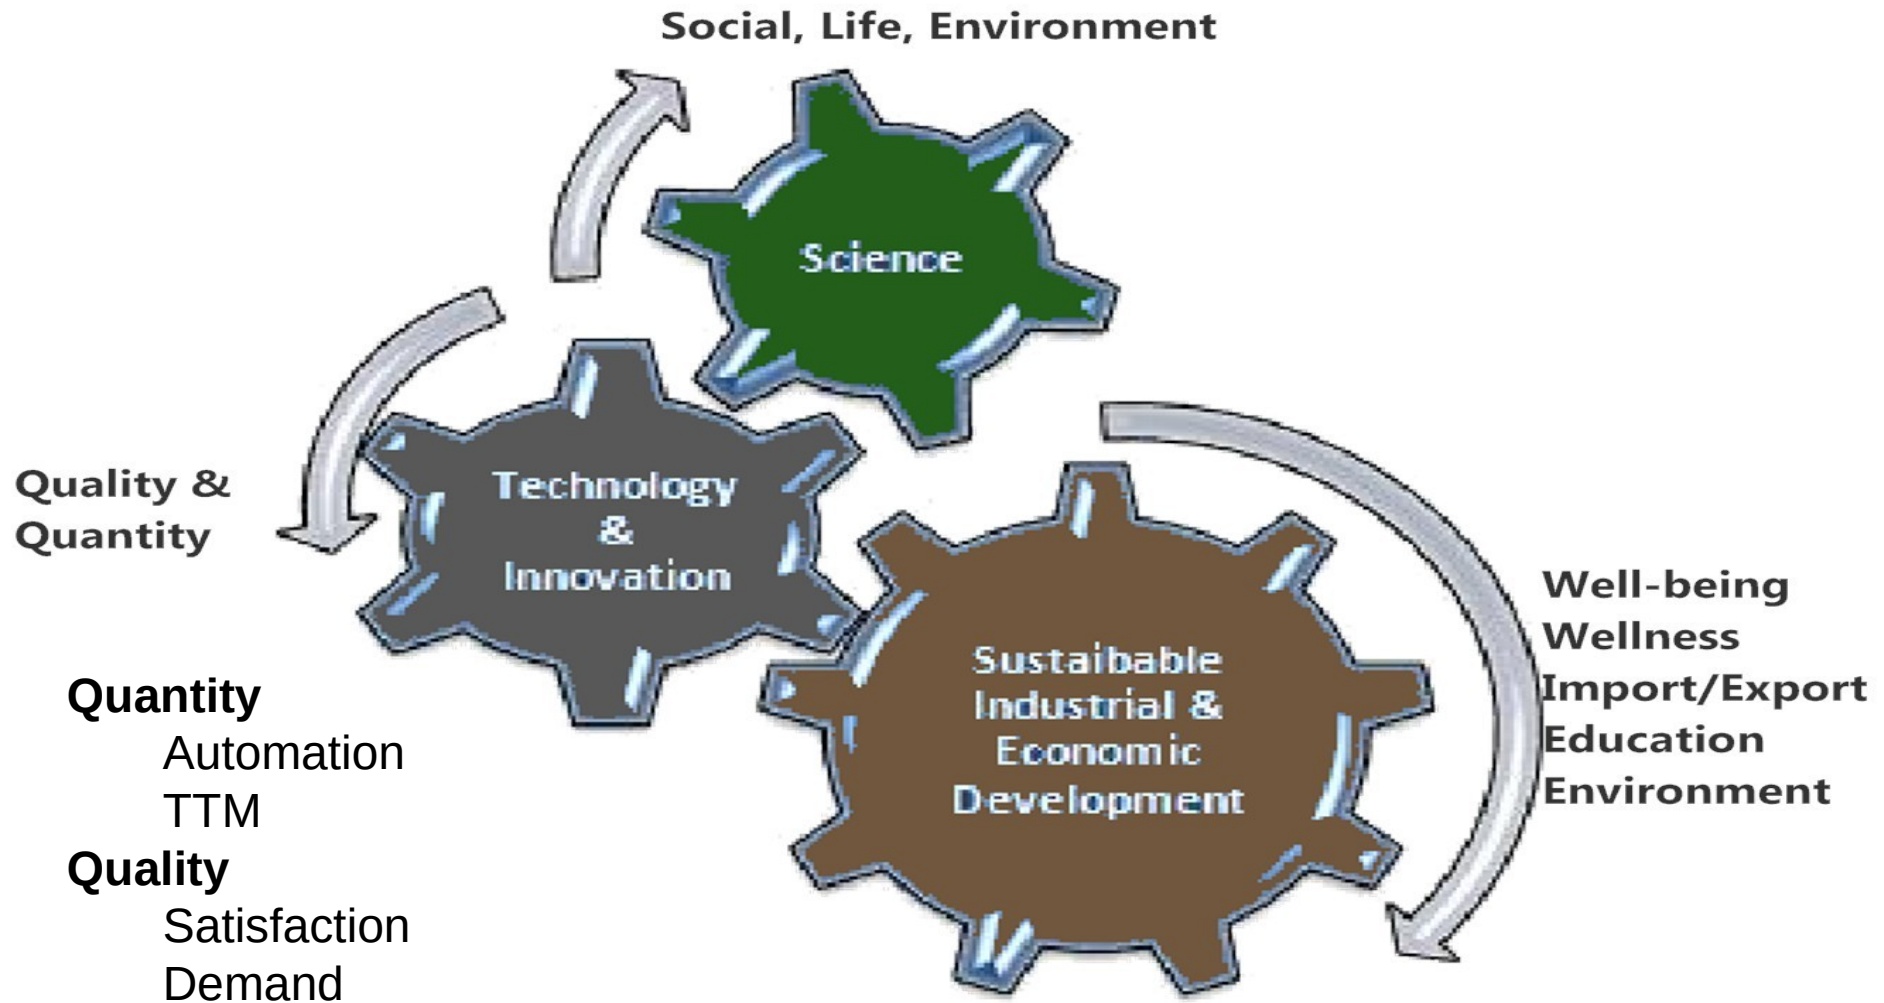

ANTICIPATED FUNDING ▶ Starting from
Rs. 10 million per project

Proposals must be submitted online
on the prescribed form, available on website
<https://ignite.org.pk/CIF>

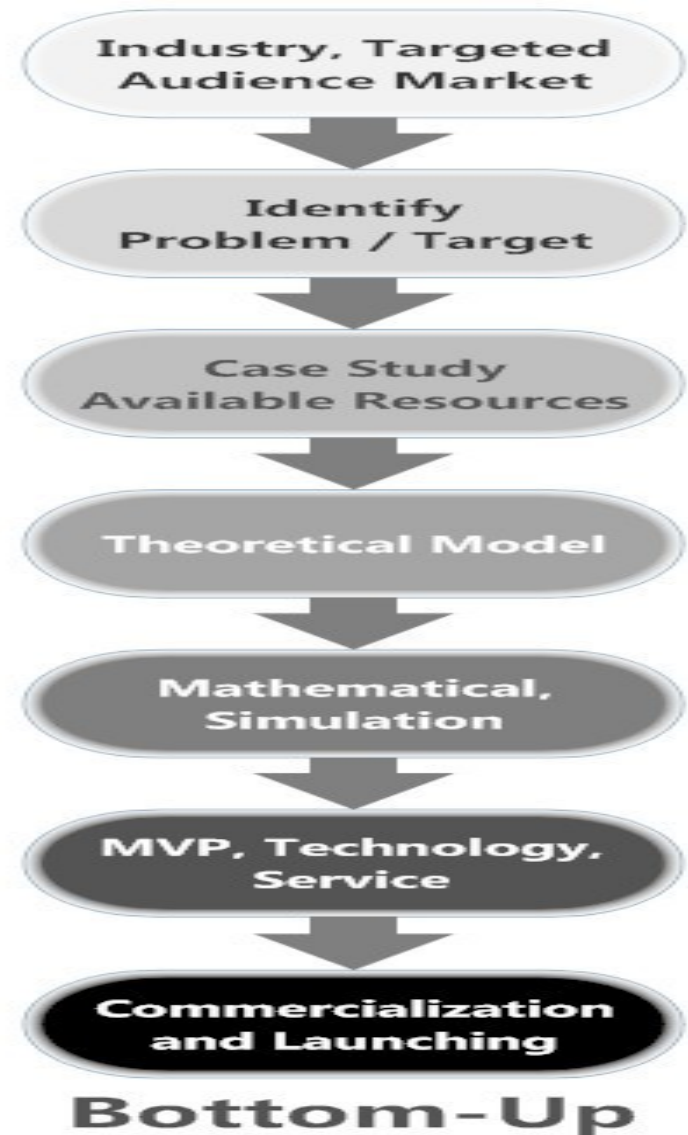

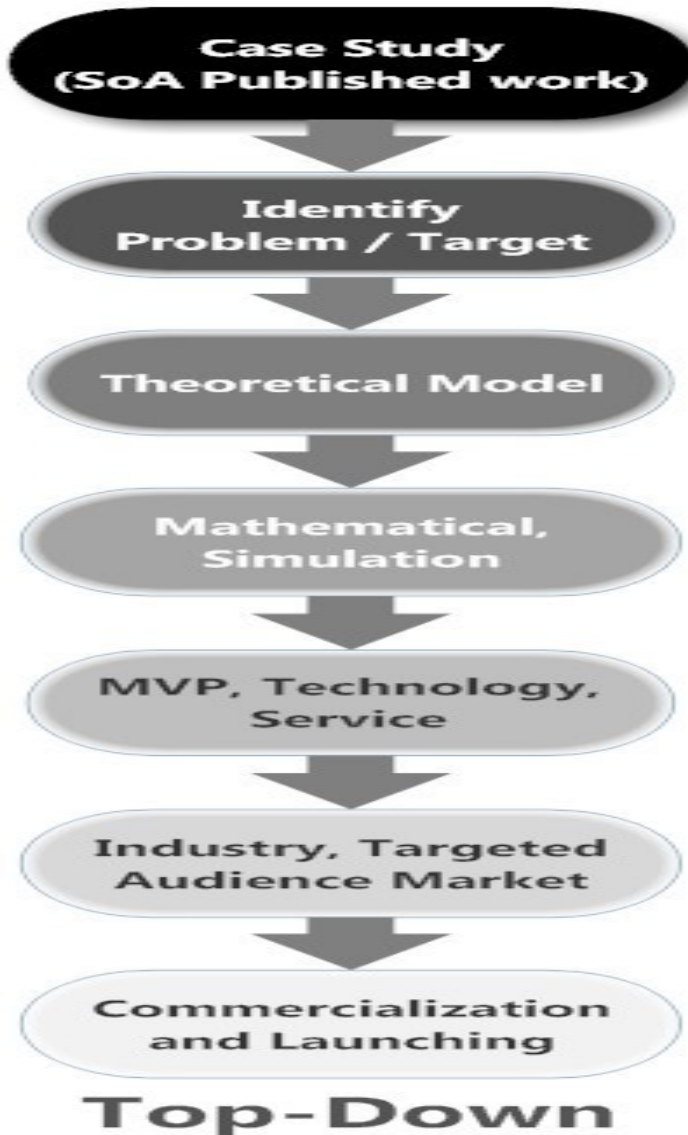

Last date to submit
the project outline is
August 7, 2022

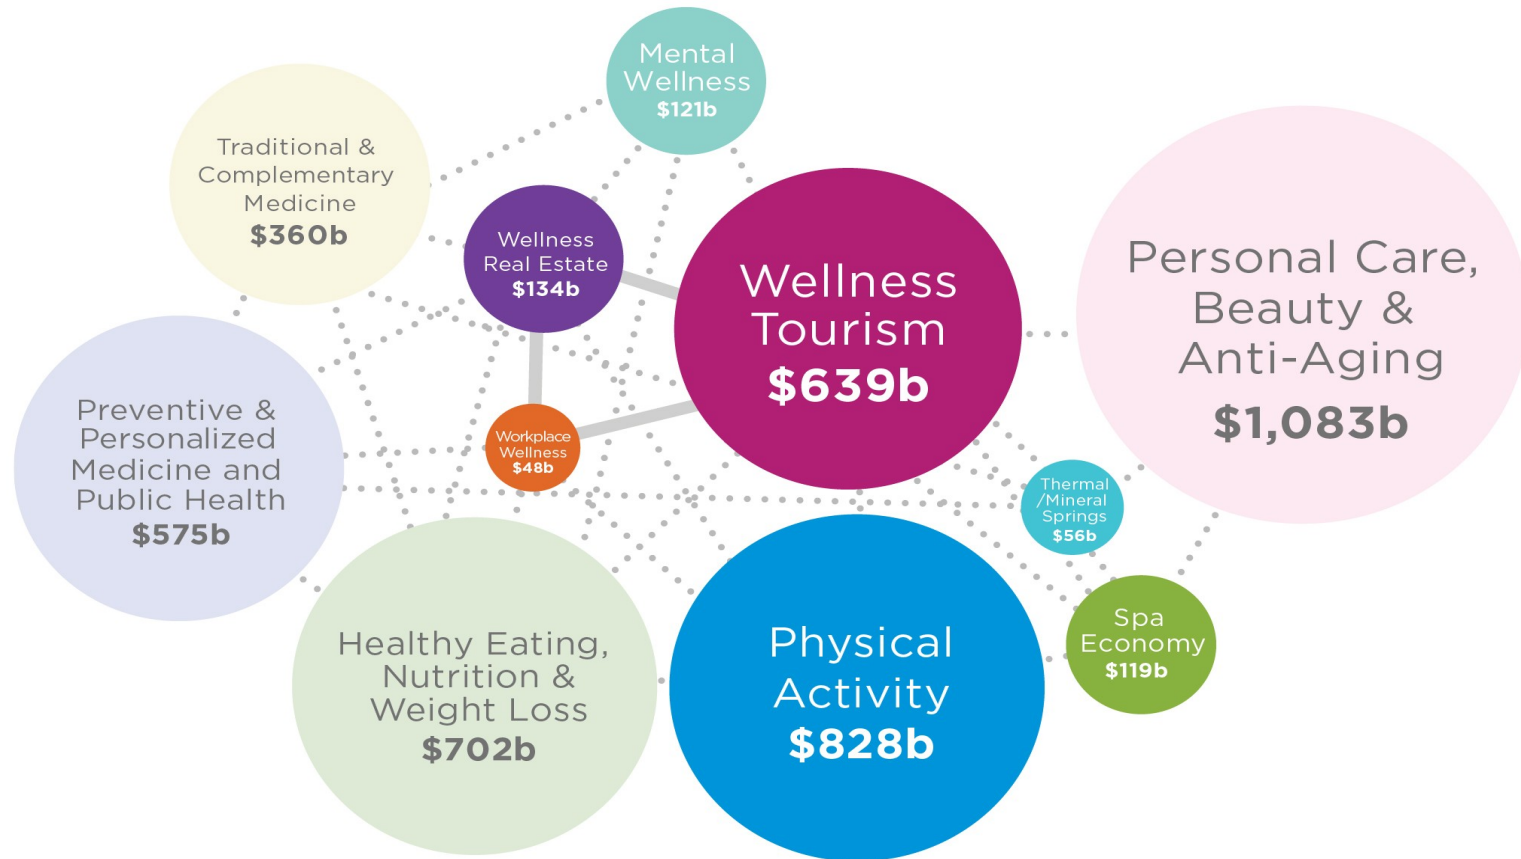

Importance of Technology

Design Approach

GLOBAL WELLNESS ECONOMY: \$4.5 Trillion Market

Note: Figure for Mental Wellness is for 2019; figure for Physical Activity is for 2018; figures for all other sectors are for 2017. Numbers do not add to total due to overlap in segments. Dark colored bubbles are the sectors for which GWI conducts in-depth, country-level primary research. Light colored bubbles are sectors for which GWI aggregates global estimates only, drawing from secondary sources.

How to Identify Challenge

Linkage with Targeted Audience.

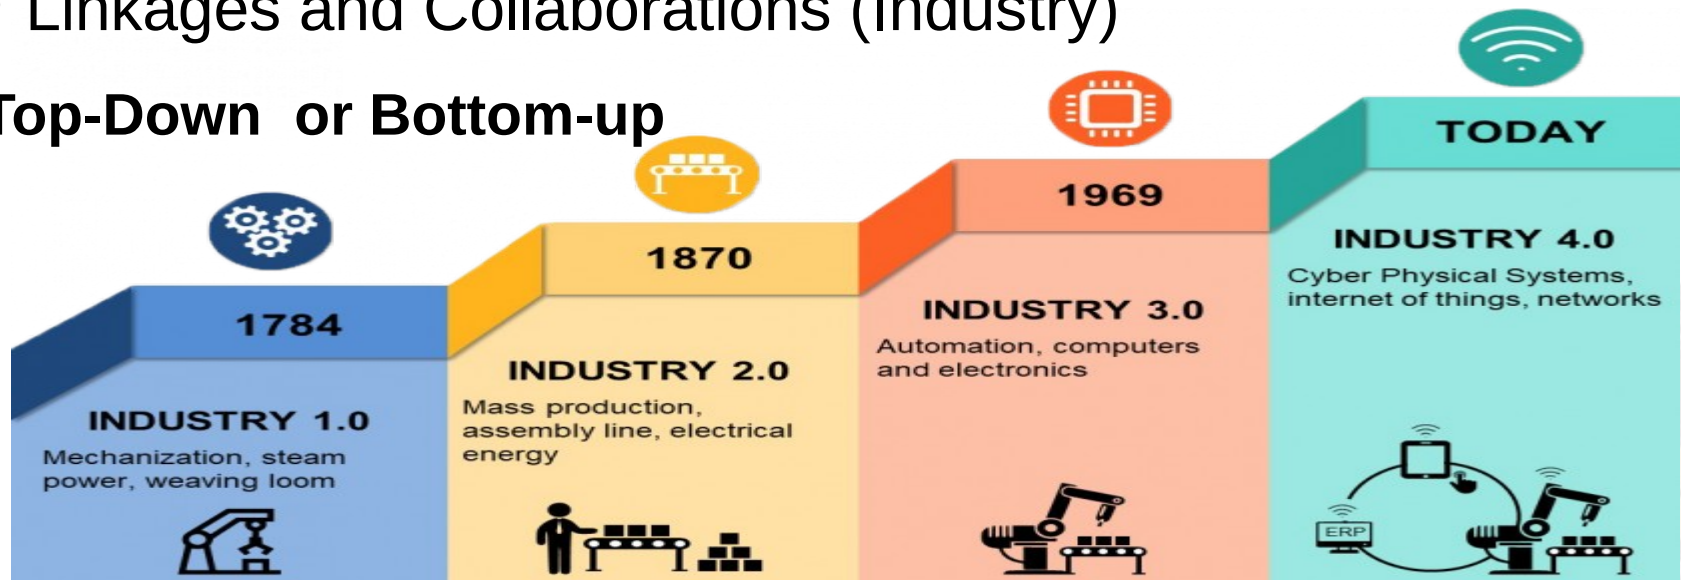

- Healthcare
- Education
- Industry

Most Important: Successful Funding Proposal

- Case Study
- Survey
- Visits and Meeting (Gather Information/Data)
- Lab Test/Experiment
- Linkages and Collaborations (Industry)

Top-Down or Bottom-up

Project Rationale

Identifies need of the project (product or service) and offer valuable solutions.

Challenge

- Nature
- Cause
- Affects
- Phenomenon
- Criterion

Target

- Sciences
- Domain
- Community
- Economy
- Demographic

Key Parameters

| Challenge | Competitors, Services | Solution |
|---|---|---|
| Targeted Customer | Local, International, Price, Features, Qualities, Functionalities | Impact, Economy, Export, Power |
| Effects: Societal, Environmental, Economy, Industry (Numbers) | Users, Usability, Accessibility, Functionality, etc | Demographic, Health, Social etc. |

Create: Idea Suggest Solution

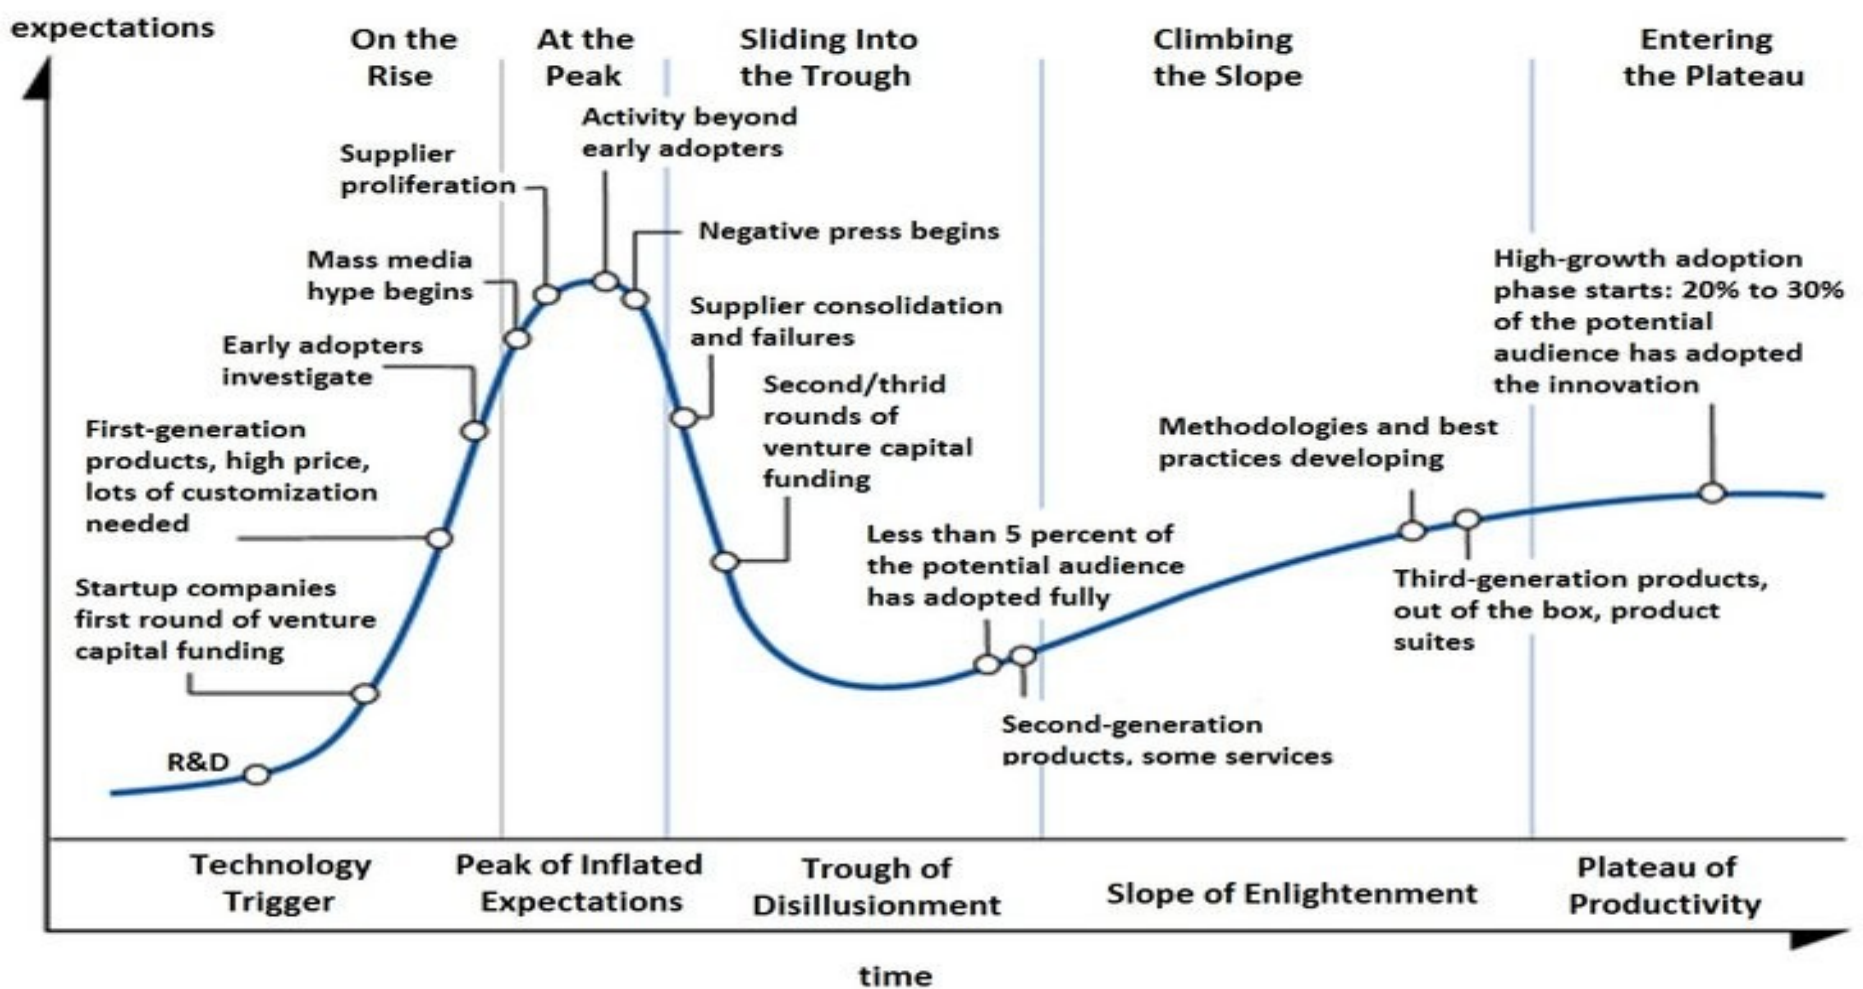

Theoretical Model/Algorithm
Mathematical Model/Formula
Simulation Model/Program
Product (Prototype) (MVP)
Process (Service)
Define

- Objectives
- Deliverable

Must have Impact
Novel & Unique
Simple & Needed
Available in the Market

| | Email |
| | CNIC/Passport No. |
| Name the Thematic Area(s) | <p>PRIORITY THEMES</p> <ul style="list-style-type: none"> ▶ Transport & Smart Mobility ▶ Health & Well-being ▶ Smart Cities & Communities ▶ Digital Industry ▶ Climate Change & Environment ▶ Education & Learning ▶ Digital Life ▶ Connectivity & Interoperability ▶ ICT- enabled Agriculture ▶ Smart Energy ▶ Safety, Security & Reliability |

II. PROJECT DESCRIPTION

Targeted Challenge

What is the targeted challenge to be addressed scientifically? (Not more than 250 words)

Pakistan is a country of 243.2 million people, where 39.1% of the population is urban and 60.9% is rural [4]. Per capita income is very low and health-care is an ignored domain. Till 2020, there were 245,987 registered doctors, 27,360 registered dentists, 116,659 registered nurses, 1,282 public hospitals, 12,894 healthcare centers [5], 144 medical degree awarding

Review of State of the Art

What are the major approaches used to address the challenge? Explain how various sets of activities are combined to solve the problem? (Not more than 750 words)

Major Competencies

How do you consider yourself to be the best one to solve the mentioned challenge? (Not more than 250 words)

Teams Profile

Please give a brief summary of the relevant research experience utilized in the domain that has the societal impact. Also, mention your 5 most recent research papers/patents/reports (Max 500 Words)

Socioeconomic Impact

If the research challenge is successfully answered, please offer a detailed summary of how the socio-economic/national impact will be realized in the next 2-3 years (Max 300 Words)

III. ACADEMIC & INDUSTRIAL COLLABORATORS INFORMATION

List all primary collaborators such as the principal investigator, researchers, and industry stakeholders who will be a part of the proposed project. There is a need to notify them before the submission of Project Outline.

| | |
|--|-------------------------|
| Academic Collaborators (National Level) | |
| Name | Highest Degree Obtained |
| Position/Title | Department |
| Male/Female | Organization |
| Mobile/Tel No. | Email |
| Details of Expertise | |
| Academic Collaborators (International Level) | |
| Name | Highest Degree Obtained |
| Position/Title | Department |
| Male/Female | Organization |
| Mobile/Tel No. | Email |
| Citizenship | Country |
| Details of Expertise | |
| Industrial Collaborators (National Level) | |
| Name | Highest Degree Obtained |
| Position/Title | Department |
| Male/Female | Organization |
| Mobile/Tel No. | Email |
| Details of Expertise | |
| Industrial Collaborators (International Level) | |
| Name | Highest Degree Obtained |
| Position/Title | Department |
| Male/Female | Organization |
| Citizenship | Country |
| Mobile/Tel No. | Email |
| Details of Expertise | |
| Individual Consultancy (National/International Level) | |
| Name | Highest Degree Obtained |
| Position/Title | Department |
| Male/Female | Organization |
| Citizenship | Country |
| Mobile/Tel No. | Email |
| Details of Expertise | |

IV. CURRICULUM VITAE

Updated CVs are requested from the collaborators that contain the following details (not more than 2 pages):

- Full name and Position/Title
- Complete address of the Organization
- Relevant Professional Training/ Certifications
- List of Experiences in chronological order
- Recent relevant up to 5 publications in Harvard style
- Previous projects won (title, duration, amount, and status only)
- Previous collaborations (title, duration, amount, and status only)
